# Spring / Summer 2026

*Let us leave you with this Final Thought…*

*In this time of turmoil there are a couple things we need to remind ourselves about as we get busy during this summer.*

*A lot of us will be will be working different Public Service Events, Field Day, 4th of July, Memorial Day, Skywarn events and many others. The #1 thing we should keep in mind is SAFETY! Be it a parade or even a skywarn event, we all need to be aware of our surroundings and in some events." The protection of life and property." If you've ever been to a presentation I've always preached about this topic, we always want you to go home in the same shape you were in when you got to the event. That being said, I also want to wish you all a glorious summer, best of luck on field day and see you at the events. 73 de N8OQP – Pat…*

*P.S. If you like what you're seeing and reading here why not come and visit us for a meeting? We'd love to have you! Come on and join us for fun!*
